*Vision. For Life.*

### About Alphapointe

Alphapointe's mission is to empower people with vision loss to achieve their goals and aspirations through employment, education and rehabilitation. Alphapointe is the largest employer of people who are blind in the states of Missouri and New York, and the only provider of comprehensive vision rehabilitation. Last year, Alphapointe provided direct services to nearly 1,000 people with vision loss through rehabilitation and education, and reached more than 5,000 through innovative community outreach programs.

Proceeds from the C&C Group Alphapointe Pro-Am Golf Tournament will benefit our youth programming for children and teens, that includes Low Vision Clinic, summer work experience, college prep programs, and two summer camps designed specifically for kids who are blind or visually impaired. Through your participation in the Pro-Am Golf Tournament, you will be opening the world of both adventure and technology to a child who is blind.

### About C&C Group

C&C Group specializes in: Integrated Building Technologies, including Energy management and Temperature Controls, NEBB Test & Balance, NEBB Commissioning, System Support Programs, Security Card Access, CCTV, FIRE Alarm, VoIP, Intercom, Mass Notification, Emergency Generators and Back-Up Power Systems, Networks and Managed Services, Wireless Applications, Access Flooring and Under Floor Air Distribution. C&C is present throughout the
